SUPPLEMENTARY INFORMATION:

Background

On August 23, 1978, ATF published Treasury decision ATF-53 (43 FR 37672, 54624) revising regulations in 27 CFR part 4. These regulations allow the

establishment of definitive viticultural areas. The regulations allow the name of an approved viticultural area to be used as an appellation of origin on wine labels and in wine advertisements. On October 2, 1979, ATF published Treasury decision ATF-60 (44 FR 56692) which added a new part 9 to 27 CFR, providing for the listing of approved American viticultural areas, the names of which may be used as appellations of origin.

Section 4.25a(e)(1), Title 27, CFR, defines an American viticultural area as a delimited grape-growing region distinguishable by geographic features, the boundaries of which have been delineated in Subpart C of part 9.

Section 4.25(e)(2), Title 27, CFR, outlines the procedure for proposing an American viticultural area. Any interested person may petition ATF to establish a grape-growing region as a viticultural area. The petition should include:

(a) Evidence that the name of the proposed viticultural area is locally and/or nationally known as referring to the area specified in the petition;

(b) Historical or current evidence that the boundaries of the viticultural area are as specified in the petition;

(c) Evidence relating to the geographical characteristics (climate, soil, elevation, physical features, etc.) which distinguish the viticultural features of the proposed area from surrounding areas;

(d) A description of the specific boundaries of the viticultural area, based on features which can be found on United States Geological Survey (U.S.G.S.) maps of the largest applicable scale, and;

(e) A copy (or copies) of the appropriate U.S.G.S. map(s) with the proposed boundaries prominently marked.

Petition

ATF has received a petition from Mr. Richard Mendelson, submitted on behalf of a number of wineries and grape growers in the Yountville area. The proposed viticultural area is located entirely within the Napa Valley. It contains approximately 8260 acres, of which 3500 are planted to vineyards. The proposed viticultural area was determined by extending the wine growing area from around the town of Yountville until it abuts the already established viticultural areas of Oakville on the north, Stags Leap District on the east, and Mt. Veeder on the west. On the south is an area called Oak Knoll which has petitioned to be considered a viticultural area.
